

We would just like to comment about a local translator station in our area (K-LOVE).

This station provides contemporary christian music in an area where there are very few christian radio stations.

If K-LOVE were replaced by a LPFM station there would not be any choices for people who desire to listen to contemporary christian music.

This station also provides a phone ministry to assist anyone who calls in with question or problems.

This station provides news reports and commentaries that can not be heard on regular media.

We do not want to see any of the K-LOVE translator stations replaced with LPFM stations.

The fact that all K-LOVE stations are entirely funded by listeners donations proves their value to local communities.
